

Congratulations! You've been given the gift of health + fitness! At KLUTCHclub, we know deciphering between products that sustain your wellness and plain-'ol gimmicks can be tricky, which is why our team helps spell out what's good for you and what's better left on the store shelf.

Will you love everything in the box? Nope, but you're not supposed to. Add in the discovered products that you can't live without and ditch the rest.

And if you like what's inside, check out [klutchclub.com](http://klutchclub.com) to get full access to The Club—where our health-minded members earn rewards in our KLUTCHbucks Loyalty Program and find exclusive brand promotions and discounts.
